Qigong, which literally means working with the energy of life, is an integrated mind-body healing method that has been practiced with remarkable results in China for thousands of years. The Chinese have long treasured qigong for its effectiveness both in healing and in preventing disease, and more recently they have used it in conjunction with modern medicine to cure cancer, immune system disorders, and other life-threatening conditions. Now in this fascinating, comprehensive volume, renowned qigong master and China scholar Kenneth S, Cohen brings the ancient healing power of qigong to Western readers. This accessible, beautifully written book provides a step-by-step program detailing how we can all integrate qigong into our busy lives. Ken Cohen explores every aspect of this Chinese healing art and science. The benefits of qigong are obvious in those who practice it correctly--these exuberant individuals sleep more soundly, their skin glows with vitality, they feel increased strength and heightened sexuality, and their minds and bodies achieve the harmony of true health. These benefits have been...
