Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **A Dictionary of Photography for the Amateur and Professional Photographer** When the worker in photography is desirous of teaching himself the art, he naturally turns to the standard text-books in order to prevent frequent failures and mistakes. Many of the books published upon photography are too far advanced to be of any service, except to those who are well versed in chemistry and optics. It was to override this great difficulty that at the instance of the Editor of the **Amateur Photographer** I contributed to that paper the **Dictionary Of Photography**. It was published through a series of numbers, and, at the earnest request of many subscribers, the Editor prevailed upon me to issue the **Dictionary** in book form. As far as possible the information has been brought up to date; it is written throughout in the plainest language at my command, and is, I trust, practically a complete encyclopaedia of photography. I shall feel grateful if those finding errors in calculations or formulae will communicate with me through the publishers, in order that in subsequent editions corrections may be made.
