Reviews

This ebook is worth acquiring. Better than never, though I am quite late in starting to read this one. You will not truly feel monotony at any time of your own time (that's what catalogues are for about if you ask me).

BRAIN GYM MATHEMATICAL PUZZLES

Unicorn Books, 2011. Paperback. Book Condition: New. Visiting gymnasiums and health clubs for maintaining physical fitness has become very much of part of our modern life. But there is little public awareness about maintaining mental health despite the fact that mental fitness is as important as physical fitness in our day-to-day life. Thanks to the lack of awareness and mental exercises, many people cut a sorry figure when it comes to problem-solving. This book is aimed at stimulating and rejuvenating the power of your brain through a number of puzzles and brain-teasers.
