Godwin, Goldberg, & Douthett (1998) mentioned that Non-U.S. companies listed on a primary U.S. exchange may choose to provide their U.S. shareholders with financial statements prepared according to their domestic (non-U.S.) GAAP or with U.S.-GAAP statements. In addition, differences between U.S. GAAP and Japanese GAAP include the impairment of assets, the scope of subsidiaries, and retirement benefits. Currently, Wendy s uses Non-GAAP accounting practices to supplement understanding of financial data for investors. This consists of Earnings Before Interest Taxes and Amortization (EBITA). There is a need for comparisons and transition in regards to change accounting standards in different countries. Presently, IAS provides uniformity in financial reporting and is being used by numerous countries. Currently, some countries are switching from domestic GAAP to IAS or IFRS. The transition...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
