## MICROBIAL ENGINEERING THE 11TH FIVE-YEAR PLAN (WANG LIQUN)(CHINESE EDITION)

DOWNLOAD

To get **Microbial engineering the 11th Five-Year Plan (Wang Liqun)(Chinese Edition)** eBook, make sure you refer to the link beneath and download the file or get access to additional information which might be relevant to MICROBIAL ENGINEERING THE 11TH FIVE-YEAR PLAN (WANG LIQUN)(CHINESE EDITION) book.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment.Pub Date :2008-01-01 Publisher: Microbiological Engineering of China Agriculture Press China Agriculture Press with the construction of China's agricultural and forestry colleges professional disciplines of biology teaching national agricultural colleges and organizations to prepare the 10th Five-Year Plan textbook. The book is divided into 17 chapters. The first 10 chapters of a systematic introduction to the basics of microbial engineering. including microbial engineering Overview. source of microorganisms engineering bacteria. Breeding and preserved. Microbiological Engineering of the medium. the microbial engineering sterilization. sterilization equipment and technology. the microbial metabolism and its regulation. the microbial reaction kinetics. microbial engineering bioreactor. microorganisms works fermentation technology. immobilized microbial engineering technology and micro-organisms works downstream Technology. This part is intended as this course is compulsory professional theory. After 7 chapter describes microbial engineering and human survival. development of solidarity in the field of application specific microbial engineering in agriculture. of microbial engineering applications in the pharmaceutical industry. microbial engineering food brewing industry. microbial and microbial engineering works on the environmental protection industry. microbial engineering in the energy development industry. microbial engineering resource utilization industry in light chemical industry on the application. This part can be used as selection and reference of relevant professional direction. Each chapter of the book with a summary. after thinking about the questions and references in order to facilitate students review and master. This book is designed for teaching. suitable for professional teachers and teaching related institutions biological aspects. also take into account the research and production of reference and more readers and learning.Four Satisfaction guaranteed,or money back.
